## CITB (SMSTS) Course

### **Introduction:**

This five-day course equips delegates with a working knowledge of health and safety legislation and helps them to identify and manage possible on-site hazards, promoting a safer working environment for employees, contractors and the public.

### **Aims:**

#### **By the end of the course delegates will be able to:**

Recognise the health and safety implications of supervising construction sites.

### **Course content:**

Please contact the office for full details of the course.

### **Who should attend:**

The Site Management Safety Training Scheme accredited by the CITB is a recognised and respected quality-training course specifically designed for the construction industry. The course is aimed at Site Managers, agents and supervisors.

### **Duration**

Duration	Duration	Delegates
CITB SMSTS	5 Day	12
