## Staff Fire & Safety Training

### **Introduction:**

It is important that your employees know what to do in the event of a fire. Research has shown that people do not always act in an appropriate way when confronted by fire unless they have been given adequate training.

### **Aims**

#### **By the end of the course delegates will be able to:**

- Take appropriate actions on discovering a fire
- Know how to raise the alarm and location of alarm call points
- Who will call the fire Service and the back up procedures
- Actions to be taken on hearing the alarm
- Know the contents of the emergency plan
- Methods of evacuating members of the public and advice to be given
- Location of escapes routes and methods of opening doors
- Location of firefighting equipment
- The Types and operation of fire fighting equipment
- Understand the reasons for good housekeeping and the
- Importance of fire doors

### **Who should attend?**

All Employees

### **Course content**

- Nature of Fire
