Supervision At Work on UK Classifications - C & G 972

Introduction:

Supervision of work at Water UK Classification NC2, NC3 and NC4 Category Confined Spaces using self contained breathing apparatus as part of a planned means of escape. City and Guilds certificated based training and assessment course. Delegates must have attained either Unit 822 or 823 prior to attending this course.

Aims:

By the end of the course delegates will be able to:

Supervise or management of work in or at confined spaces where work has been assessed and classified as Risk Level NC2, NC3 and NC4 under the Water UK scheme and to prepare them for assessment on Unit 972

Course content:

The content of the course includes information and training in:
Interpret and apply the Water UK national standards to confined space working
Undertake risk assessments of work in confined spaces
Develop, communicate and install safe systems of work and safe methods of work at confined spaces
Work with permits to work and their controls
Select and maintain appropriate control measures including hygiene
Understand the mechanisms of atmospheric monitoring and testing equipment, harnesses, hoists, winches and fall arrest systems and escape and working breathing apparatus
Develop and install and maintain appropriate emergency procedures and plans
Maintain necessary documentation for confined space working.
Select brief and deploy staff at confined spaces and control them effectively during changing working conditions.

Who should attend:

Persons who are required to work in Water UK NC2, NC3, and NC4 Risk Assessed Confined Spaces.

Suggested follow up training

Oxygen / 4 Day First Aid Course
